Bill Night was elected to the Glastonbury Town Council and the proceedings were concluded before 1am.</p> <p>The 5 Councils contract had been signed and the Leader requested thanks be recorded to the Officer Team, particularly Chris Atkinson, Haylee Wilkins, Adam Savery and Carol Marchant for their hard work.</p> <p>The Council restructure had come before Full Council for endorsement, and comment in the past and this had been taken on board. Staff had been involved with six briefings, outside of Union discussions, and feedback and concerns had been welcomed.</p> <p>The Devolution bid for Heart of the South West was with Central Government and there would be further Officer consultation before it could go back to the political process. The bid did not commit the Council to a Mayor.</p> <p>He added congratulations to Built Environment Customer Services for the Excellence Inspection in which they had achieved full compliance with no areas for improvement found. He wished for thanks to be recorded to Tracy Aarons and the team for their work behind the scenes.</p> <p>The Leisure Contract was bedding in well and the results of the hard work could be seen.</p> <p>The Leader of the Council concluded that Glastonbury Festival was approaching and the work, headed by the Corporate Manager for Regulatory Services, with respect to co-operation and co-ordination would ensure success.</p>	
11	<p>A Council Structure for the Future</p> <p>The Chief Executive and the Leader of the Council presented a verbal</p>	

report which recognised that there had been, and would continue to be, a number of 'drivers' that necessitated a change to the way that the Council operated and therefore, by implication, the Council's management structure. These ranged from the Government's housing and economic growth agenda, to the more local impact of recent Council decisions made in respect of the shared procurement of services, and evolving shared services arrangements in a number of areas. It was equally recognised that these 'drivers' must also be balanced with the need for the Council to continually drive performance and maintain services that achieved high levels of customer satisfaction.

The Report recommended a new management structure for the Council that would enable the Council to best address the above 'drivers', whilst at the same time achieve financial savings. This would enable the Council to be both fit for the future and be supported by a financially sustainable management structure.

In the discussion that followed, the Leader of the Opposition, Councillor Helen Sprawson-White stated that a lot of work had been done in a very challenging year due to large budget cuts, and though the timing of the restructure was unfortunate due to the necessity for Union involvement, the process was proceeding in a reasonable fashion.

Councillor Claire Hudson asked if the structure had been shared confidentially with Members.

The Leader replied that there had been no confidential briefings, but the process had been sensitive towards potential job losses. He apologised for the lack of sharing but stated that there were two weeks for discussion before the next meeting of Cabinet, and that it would also be considered by Scrutiny Board on the 16 May 2016.

Councillor Dick Skidmore congratulated the team on the restructure and asked if the two Deputy Chief Executives would be recruited from within the Council.

The Leader replied that the first round of interviews were ring fenced to those Officers identified as being potentially 'at risk'.

Councillor Steve Henderson asked if the Council would have any input into the South West Devolution process.

The Leader explained that a prospectus had been put forward to Central Government for them to agree conditions and figures. The 17 Authorities would then meet to feedback the decision to their sovereign Councils.

Councillor Claire Hudson asked if the proposed repatriation of Business Rates would affect Mendip District Council in the future.

The Leader of the Council replied that the method of repatriation was

	<p>not currently known, but that Mendip District Council, being in a growth area, should benefit from the process. There were several planning applications pending, including one in Wells which would create 250 jobs and Business Rates.</p>	
<p>12</p>	<p>Somerset Building Control Partnership – Changes to the Council's Constitution</p> <p>The Portfolio Holder for Health and Wellbeing introduced a report which stated that on 1 April 2016 the Somerset Building Control Partnership – consisting of Mendip District Council, together with West Somerset Council, Taunton Deane Borough Council and Sedgemoor District Council – assumed responsibility of the provision of building control services in the areas of the four Councils. Under the partnership agreement, all four Councils agreed to delegate their building control powers to the Joint Committee which is to be responsible for the Partnership.</p> <p>At the same time, it was agreed that all legal issues arising from discharge of the Partnership's functions would be dealt with by the shared legal service which was currently provided by SHAPE Partnership Services.</p> <p>As a result, certain provisions within the Council's own Constitution needed to be updated to reflect the new arrangements which have been introduced.</p> <p>In the discussion that followed, Councillor Roy Mackenzie welcomed these changes, as flexibility and cover were essential without the need for in depth local knowledge.</p> <p>Councillor Nigel Woollcombe-Adams added that this would function in the same way as the Waste Partnership.</p> <p>Councillor Damon Hooton proposed that the changes be approved. This was seconded by Councillor Nigel Taylor.</p> <p>RESOLVED That the changes to the Council's Constitution as set out in Appendix 1 to this Report be approved.</p>	
<p>13</p>	<p>The Council's Constitution</p> <p>Updates to the Constitution in response to the Bribery and Corruption Alert</p> <p>The Corporate Manager for Governance, Assets and Public Spaces introduced a report which stated that in September 2015 the UK's National Crime Agency (NCA) and the Chartered Institute of Public Finance and Accountancy (CIPFA) jointly issued an Amber Alert concerning Local Authorities and the UK Bribery Act (2010). The Alert was based on assessed intelligence and warns of the dangers and</p>	

	<p>threats from serious organised criminality. The purpose of the alert was to stimulate preventative or remedial action and a proposed action plan was endorsed by Full Council in February 2016. This paper presented the associated policy and constitutional amendments for approval by Council.</p> <p>Councillor Damon Hooton proposed that Full Council approve the amendments.
